

Bunk J's Alma Mater
(Tune: Look to the Rainbow from Finian's Rainbow)

Sag'naw – home for the summer
We'll always remember the happiness here,
Sisters – filled with devotion
Acropolis girls these friendships we've shared.

As a star shines over Acropolis and Hill
We are all now united – it must be God's will,
With love and a promise that encircles our life
Relationships kindled will always survive.

Each year – when it is over
Every mind anxiously waiting return,
Through fall, winter, and springtime
For our dear Saginaw, we'll ever yearn.

As we look o'er the field – donned with each bird and tree
We will see all the joyousness we've had with thee
Recalling each moment with a song in our heart,
We'll cherish forever when we are apart.
